ADHESIVES & SEALANTS INDUSTRY, VOLUME 17, NUMBER 3

17

SILICONES REACH NEW HEIGHTS

Dow Corning construction silicones protect Dubai's Burj Khalifa tower from harsh desert conditions.

18

PACKAGING PRODUCTIVITY

This article discusses the measurement of hot tack in non-pressure-sensitive adhesives as a means of improving productivity in packaging processes.

21

USING MASS SPECTROMETRY TO IDENTIFY POLYMER ADDITIVES

This article examines the use of LCMS-IT-TOF mass spectrometry to identify unknown additives in polymer formulations.

24

LET THERE BE LEDs

Silicones simplify the production of energy-saving, climate-protecting light-emitting diodes.

26

SOLDER PASTE DOSING FOR AUTOMOTIVE APPLICATIONS

Production of automotive brake or gear systems requires many metal parts to be soldered. For optimal quality, precision and repeatability, an automated and robotic system is needed.

27

ASI 2010 RAW MATERIALS, CHEMICALS, POLYMERS AND ADDITIVES HANDBOOK

The Handbook defines materials used to manufacture adhesives and sealants, and lists the suppliers of the materials.

- 27 Users Guide and Index
- 28 Definitions and Supplier Listings
- 59 Appendix
