**Top quality PET for food packaging.** Approved and preferred by leading brand owners – is the recognition of our quality. Unsurpassed reliability at the lowest energy consumption – is the trade mark of our design. Time proven and state-of-the-art Buhler SSP technology – is the key to your success. More than 150 industrial plants for virgin and recycled PET demonstrate: We at Buhler understand how to treat PET on its first pass and every following cycle in use.
