Aus dem Inhalt / From the content:

Milk fatty acid composition of Simmental cows

Altering dairy cows milk fatty acid composition

Augmentation of biofunctional properties of whey protein

Effects of cell-free extracts from dairy yeast on bifidobacteria

Method for detecting food-borne *Shigella* in raw milk

Cheddar cheese juice an index of starter strain related proteolysis

Fungistatic effect of propionic acid salts on selected yeast species

Effect of  $\kappa$ -carrageenan on whey protein concentrate gelation

Probiotic Dahi stimulates antioxidant enzyme pathways in rats

Development of proteolysis in white-brined cheese

Milk with Brain Factor-7 enhances attention and cognition

Investigation of flux under ultrafiltration and diafiltration of whey
