# THE WORLD LEATHER

THE WORLD'S NO 1 MAGAZINE  
FOR THE LEATHER INDUSTRY

**Special supplement on sustainability**

Sponsored by  **BASF**

**VGCT looks to improve colour fastness testing**

**O'Nolan faithful to French tradition**

**Tanning Tech 2013 full preview**

## NEWS

- 2 News Map** News highlights from around the global leather industry.
- 4 Products & Services** New technologies, new ideas from leather industry suppliers and service providers.
- 9 Leatherscene** People from around the industry and famous lovers of leather who have hit the headlines in recent weeks.
- 12 Backtrack** News headlines from [www.leatherbiz.com](http://www.leatherbiz.com)

## TECHNOLOGY

- 14 Improvements in colour testing** Germany's leather technologists and chemists society, VGCT, has raised a series of points that it believes can improve laboratory testing of leather for colour fastness.

## SPECIAL SUPPLEMENT ON SUSTAINABILITY

- 19 The only way** BASF insists an ongoing commitment to innovation is the key to delivering sustainable solutions.
- 21 Real tanneries, real life** Highlights of corporate social responsibility in practice at the 29 tanneries that have, so far, been finalists in the Tannery of the Year competition.
- 28 New life** Tannery effluent from the Ranipet cluster in Tamil Nadu in southern India has supplied the irrigation necessary for a new forest to grow.
- 32 Future generations** The University of Northampton confirms that sustainability is a key part of its programme for educating new generations of tanners from all parts of the world.
- 34 Growth strategy** Solid waste from the Sepici Grubu tannery in Turkey, winner of Tannery of the Year for Europe in 2013, is proving to be of value as compost.
- 39 Alternative hair removal method** Oxidative unhairing based on hydrogen peroxide offers the advantages of clean white pelts and a bleached grain.
- 43 Adding substance to sustainability** It's more than a slogan for Clariant, as its own internal sustainability reports show.
- 44 Tourist experience** Unrepresentative, unmechanised tanneries in some countries seek to attract tourists, but are in danger of leaving a poor impression of the overall leather industry.
- 47 Impact on communities** Rural areas of Peru, Argentina and Italy are being transformed, socially and physically, by Silvateam's ongoing development of the trees that provide the raw materials for its vegetable-tanning products.
- 50 In demand** Beyond leather production, a wide range of industrial activities make good use of vegetable tannins.

## BEAST TO BEAUTY

- 53 True to tradition** Start-up luxury leathersgoods brand O'Nolan has an Irish name, but will stay faithful to the finest traditions of French craftsmanship.

**Cover image:** Striking finished leather from the Alran tannery in southern France that supplies the luxury leathersgoods sector.
