COVER STORY

# 28 BATTERY CZAR

The Chevy Volt is the key to General Motors' green-car future. And GM's Denise Gray holds that key in her hands. *By John Voelcker*

# 22 FIRST SOLAR: QUEST FOR THE \$1 WATT

An Arizona firm shakes up the photovoltaic sector by scaling up the size and cutting the cost of thin-film solar panels.

*By Richard Stevenson*

# 34 RAM FOR FREE

A software add-on allows embedded systems to get by with less than half the RAM they would otherwise need. *By Lei Yang, Robert P. Dick, Haris Lekatsas & Srimat Chakradhar*

# 40 THE GAMEFRAME GUILD

IBM has teamed up with a Brazilian start-up to create a powerful game server—and it's a mainframe. *By Erico Guizzo*
