## Super Socialize Me

GOOGLE,  
FACEBOOK,  
*and the*  
STRUGGLE FOR  
THE FUTURE  
OF THE WEB

SPECIAL REPORT

## The Social Era of the Web Starts Now

**22** Sit back and enjoy Facebook versus Google, one of the greatest tech clashes of our time. *by JOHN RENNIE & GLENN ZORPETTE*

### **26 / THE REVOLUTION WILL NOT BE MONETIZED**

Social media companies have based their plans on advertising revenues that may never materialize.

*by BOB GARFIELD*

### **32 / 5 TECHNOLOGIES THAT WILL SHAPE THE WEB**

These innovations will radically change how we experience the Web.

*by ELISE ACKERMAN & ERICO GUIZZO*

### **38 / PRIVACY, PUBLICNESS, AND THE WEB: A MANIFESTO**

As companies exploit our data trails to help us connect, we the people need to establish some basic rights.

*by JEFF JARVIS*

### **40 / WELCOME TO THE SURVEILLANCE SOCIETY**

We are being tracked online—and we have to be able to protect ourselves.

*by SIVA VAIDHYANATHAN*

### **44 / ME, MYSELF, OR I**

After a bad experience, a young doctor works hard to maintain her privacy.

*by CASSANDRA WILLYARD*

### **46 / THE ANTI-FACEBOOK**

The first look inside Diaspora, a project that aims to revolutionize the social Web.

*by ARIEL BLEICHER*

### **52 / FOOD FIGHT**

Organic, sustainable, and gourmet, with a side of junk food—Google and Facebook pamper their employees with dazzling dining options.

*by SHEILA HIMMEL*

### **54 / UNDER THE HOOD AT GOOGLE AND FACEBOOK**

When your goal is global domination, your computing needs are great.

*by DAVID SCHNEIDER*

*with reporting by QUENTIN HARDY*

### **60 / CAMPUS LIFE**

If Google is a snobby prep school, then Facebook is like a decent public school in a striving neighborhood.

*by SHEILA HIMMEL*

### **62 / BETTING ON GAMES**

Social networking games have killed soap operas and are crowding out e-mail. Will traditional digital games be next?

*by DAVID KUSHNER*

### **66 / CHINA'S SOCIAL NETWORKING PROBLEM**

On China's booming social media sites, Internet users are testing the limits of self-expression and dissent.

*by SKY CANAVES*

### **70 / THIS IS YOUR MIND ONLINE**

When social networks become immersive, avatars will have the power to seduce.

*by JEREMY N. BAILENSON & JIM BLASCOVICH*

### **73 / HOW MANY "FRIENDS" CAN YOU REALLY HAVE?**

Facebook can help you keep up with your friends, but it won't let you juggle more than your brain can handle.

*by ROBIN DUNBAR*

### **80 / THE DATA**

Facebook is on track to soon have 1 billion friends. But why are there so many more in Turkey than in Japan?

*by MARK ANDERSON*
