

### CONTENTS

#### Perspective

- Winter cover crops for local ecosystems: linking plant traits and ecosystem function  
**BJ Wilke and SS Snapp (USA)** ..... 551

#### Research Articles

- Evaluation of baking procedures for incorporation of barley roller milling fractions containing high levels of dietary fibre into bread  
**MS Jacobs, MS Izydorczyk, KR Preston and JE Dexter (Canada)** ..... 558
- Texture analysis of raw and cooked tubers of short-duration lines of cassava by multivariate and fractional conversion techniques  
**MS Sajeev, J Sreekumar, SN Moorthy, G Suja and S Shanavas (India)** ..... 569
- Mineral contents of some aromatic plants, their growth soils and infusions  
**M Zengin, MM Özcan, Ü Çetin and S Gezgin (Turkey)** ..... 581
- Effects of extraction temperature, ionic strength and contact time on efficiency of bis(2-ethylhexyl) sodium sulfosuccinate (AOT) reverse micellar backward extraction of soy protein and isoflavones from soy flour  
**X Zhao, F Chen, G Gai, J Chen, W Xue and L Lee (China)** ..... 590
- By-products from viticulture and the wine industry: potential as sources of nutrients for ruminants  
**E Molina-Alcaide, A Moumen and AI Martín-García (Spain)** ..... 597
- Microbiological quality of fresh fruit and vegetable products in Catalonia (Spain) using normalised plate-counting methods and real time polymerase chain reaction (QPCR)  
**E Badosa, R Trias, D Parés, M Pla and E Montesinos (Spain)** ..... 605
- Evaluation of antioxidative performance of tomato extracts obtained by different methods  
**C-H Chang and Y-C Liu (Taiwan)** ..... 612
- Screening of phenylalanine ammonia lyase in plant tissues, and retention of activity during dehydration  
**A Goldson, M Lam, CH Scaman, S Clemens and A Kermode (Canada)** ..... 619
- Effect of diatomaceous earth on the performance and blood variables of broiler chicks during experimental aflatoxicosis  
**M Modirsanei, B Mansoori, AR Khosravi, MM Kiaei, P Khazraeinia, M Farkhoy and Z Masoumi (Canada)** ..... 626
- Protection of deoxyribose and DNA from degradation by using aqueous extracts of several wild plants  
**MS Gião (Portugal), ML González-Sanjósé, P Muñiz, MD Rivero-Pérez (Spain), M Kosinska, ME Pintado and FX Malcata (Portugal)** ..... 633
- Estimates of basal ileal endogenous losses of amino acids by regression analysis and determination of standardised ileal amino acid digestibilities from casein in newly weaned pigs  
**M Eklund, R Mosenthin, H-P Piepho and M Rademacher (Germany)** ..... 641
- Comparison of *in vitro* starch digestibility methods for predicting the glycaemic index of grain foods  
**KA Germaine, S Samman, CG Fryirs, PJ Griffiths, SK Johnson and KJ Quail (Australia)** .. 652
- Study of lipase-catalysed synthesis of ascorbyl benzoate in cyclohexanone using response surface methodology  
**L-X Lv, S-Y Chen and Y-Q Li (China)** ..... 659

*Continued on inside back cover*

Effect of Iberian × Duroc genotype on composition and sensory properties of dry-cured ham <b>MR Ramírez and R Cava (Spain)</b> .....	667
Characterisation of musk lime ( <i>Citrus microcarpa</i> ) seed oil <b>YNA Manaf, A Osman, OM Lai, K Long and HM Ghazali (Malaysia)</b> .....	676
Matrix glycan depolymerisation and xyloglucan endohydrolase activities in ethylene-treated watermelon ( <i>Citrullus lanatus</i> ) fruit <b>Y Karakurt (Turkey), N Muramatsu, J Jeong, BM Hurr and DJ Huber (USA)</b> .....	684
Understanding consumer preferences for rice wines using sensory data <b>S-J Lee and K-G Lee (South Korea)</b> .....	690
Availability of certain nutrients in cereals reconstituted with or without enzymes for chickens <b>SJ Manwar and AB Mandal (India)</b> .....	699
Effect of nitrogen fertilisation levels on melon fruit quality at the harvest time and during storage <b>A Ferrante, A Spinardi, T Maggiore, A Testoni and PM Gallina (Italy)</b> .....	707
Antibiotic use and the prevalence of antibiotic resistant bacteria on turkey farms <b>Y Chander, SC Gupta, K Kumar, SM Goyal and H Murray (USA)</b> .....	714
Rats show differences in some biomarkers of health when eating diets based on ingredients produced with three different cultivation strategies <b>C Lauridsen, C Yong, U Halekoh, SH Bügel (Denmark), K Brandt (UK), LP Christensen and H Jørgensen (Denmark)</b> .....	720
<b>Short Communication</b>	
Relative efficiency of DNA markers (RAPD, ISSR and AFLP) in detecting genetic diversity of bitter melon ( <i>Momordica charantia</i> L.) <b>TK Behera (India, USA), AB Gaikward, AK Singh (India) and JE Staub (USA)</b> .....	733
