

Mini-review

- Nitrogen fertilisation in coriander (*Coriandrum sativum* L.): a review and meta-analysis** 921
A Carrubba (Italy)

Research Articles

- Comparison of different phosphorus-fertiliser matrices to induce the recovery of phosphorus-deficient maize plants** 927
J Erro, AM Zamarreño, JM Garcia-Mina (Spain) and J-C Yvin (France)
- Effect of nitrogen fertilization on quality markers of strawberry (*Fragaria* × *ananassa* Duch. cv. Aromas)** 935
LA Ojeda-Real, P Lobit, R Cárdenas-Navarro, O Grageda-Cabrera, R Fariás-Rodríguez, E Valencia-Cantero and L Macías-Rodríguez (México)
- Comparison of phenolic acids in organically and conventionally grown pac choi (*Brassica rapa* L. *chinensis*)** 940
X Zhao, JR Nechols, KA Williams, W Wang and EE Carey (USA)
- Bioeffects of chromium(III) on the growth of *Spirulina platensis* and its biotransformation** 947
Y Wang, W Xu, Y Luo, L Ma, Y Li, S Yang and K Huang (China)
- Influence of flowering stage of *Lonicera japonica* Thunb. on variation in volatiles and chlorogenic acid** 953
L-M Wang, M-T Li, Y-Y Yan, M-Z Ao, G Wu and L-J Yu (China)
- Atomic force microscopy study of the antimicrobial activity of aqueous garlic versus ampicillin against *Escherichia coli* and *Staphylococcus aureus*** 958
CC Perry, M Weatherly, T Beale and A Randriamahefa (USA)
- Effect of bovine colostrum on the growth inhibition and differentiation of human leukemic U937 cells** 965
C-Y Ma, H-T Kung, J-N Chen, C-Y Chang, H-M Chang and JS-B Wu (Taiwan)
- Antioxidant properties of Korean black raspberry wines and their apoptotic effects on cancer cells** 970
J Jung, M-Y Son, S Jung, P Nam, J-S Sung, S-J Lee and K-G Lee (Korea)
- Chemical variability in propolis from Santiago del Estero, Argentina, related to the arboreal environment as the sources of resins** 978
LL Chaillou and MA Nazareno (Argentina)
- The effects of a seaweed extract in addition to nitrogen and boron fertilization on productivity, fruit maturation, leaf nutritional status and oil quality of the olive (*Olea europaea* L.) cultivar Koroneiki** 984
V Chouliaras, M Tasioula, C Chatzissavvidis, I Therios and E Tsabolatidou (Greece)
- Mechanical behaviour and quality traits of highbush blueberry during postharvest storage** 989
V Chiabrando, G Giacalone and L Rolle (Italy)

SCI

Journal of the
Science of Food
and Agriculture

Contents continued

- Total lipid, fatty acid composition and lipid oxidation of Indian white shrimp (*Fenneropenaeus indicus*) fed diets containing different lipid sources** 993
H Ouraji, B Shabanpour, AA Kenari, A Shabani, S Nezami, M Sudagar and S Faghani (Iran)
- Effect of reconstitution of sorghum with or without enzymes on production performance and immunocompetence in broiler chicken** 998
SJ Manwar and AB Mandal (India)
- α -Eleostearic acid is more effectively metabolized into conjugated linoleic acid than punicic acid in mice** 1006
G-F Yuan (China), AJ Sinclair (Australia), C-Q Zhou and D Li (China)
- Effect of temperature on lipid-derived volatile compounds in boiled potato during storage** 1012
GP Blanch, G Flores and ML R del Castillo (Spain)
- Novel alcoholic beverages: production of spirits and liqueurs using maceration of melon fruits in melon distillates** 1018
LF H Gómez, J Úbeda, M Arévalo-Villena and A Briones (Spain)
- Effect of controlled atmospheres and shelf life period on concentrations of volatile substances released by 'Pink Lady®' apples and on consumer acceptance** 1023
C Villatoro, M L López, G Echeverria and J Graell (Spain)
- Acceptability of scab-resistant versus conventional apple cultivars by Polish adult and young consumers** 1035
K Tomala, N Baryłko-Pikielna, P Jankowski, K Jeziorek and G Wasiak-Zys (Poland)
- Analysis of pomegranate seed oil for the presence of jacaric acid** 1046
G Sassano, P Sanderson (UK), J Franx, P Groot, J van Straalen (Netherlands) and J Bassaganya-Riera (USA)
- Inhibition and inactivation evaluation of exogenous glycosidases in wines using *p*-nitrophenylglycosides** 1053
AG Cid and G Ellenrieder (Argentina)
- Assessment of hydrolysis of cheese whey and use of hydrolysate for bioproduction of carotenoids by *Sporidiobolus salmonicolor* CBS 2636** 1060
E Valduga, P Tatsch, LT Vanzo, F Rauber, M Di Luccio and H Treichel (Brazil)
- Qualitative changes in *Pleurotus ostreatus* (Jacq.: Fr.) Kumm. mushrooms resulting from different methods of preliminary processing and periods of frozen storage** 1066
G Jaworska and E Bernaś (Poland)
- Influence of delayed cooling on storability and postharvest quality of European plums** 1076
M Guerra and PA Casquero (Spain)
- Brassica oleracea* var. *costata*: comparative study on organic acids and biomass production with other cabbage varieties** 1083
C Sousa, DM Pereira, M Taveira, S Dopico-García, P Valentão, JA Pereira, A Bento and PB Andrade (Portugal)

Contents continued overleaf

Contents continued

Effect of phosphorus uptake on growth and secondary metabolites of garden sage (*Salvia officinalis* L.) 1090

M Nell, M Vötsch, H Vierheilig (Austria, Spain), S Steinkellner, K Zitterl-Eglseer, C Franz and J Novak (Austria)

Short Communications

Simplified method for determining cadmium concentrations in rice foliage and soil by using a biosensor kit with immunochromatography 1097

K Abe, Y Sakurai, A Okuyama, K Sasaki and K Tawarada (Japan)

Development of a real-time multiplex PCR system for the quantitative detection of Chinese GM rice 1101

S-B Gu, Y Wu, S-C Li, L Li and J-B Yang (People's Republic of China)

SCI — the only society connecting science, business & you

Whatever stage you are at in your career SCI can be an invaluable tool. If it is networking with potential employers, learning from fellow peers or taking an active role within your local regional group, SCI will be there to add to and support your further and ongoing development. Become an SCI member. Here are just a few of the great products and services you can get:

- Chemistry & Industry Magazine — Latest news features and reviews, direct to your desktop and to your door twice a month.
- 50% discount on Wiley books, 25% off Blackwell books and 20% off Oxford University press books (some exceptions apply).
- Discounted Conferences — 75% off our exciting conferences.
- Global Networking Opportunities — A chance to meet other like minded professionals working within the chemical industry and academia.
- Technical Interest Groups — Over 20 industry and topic specific groups to discuss, share and discover development within your sector.
- Writing and speaking opportunities — Present at one of our prestigious conferences and write for the SCI's renowned journals.
- 50% discount on SCI peer reviewed journals.
- International and Regional activity — Contribute to your local group and take advantage of free events and the local networking opportunities.
- SCI Awards — Achieve recognition of outstanding contribution to your field within the chemical industry, serving both the individual and innovation.
- Plus much more.
