Research Articles

- Effect of fat replacers on kefir quality** 543
B Ertekin and ZB Guzel-Seydim (Turkey)
- 1-Methylcyclopropene affects the antioxidant system of apricots (*Prunus armeniaca* L. cv. Búlida) during storage at low temperature** 549
I Egea, FB Flores, MC Martínez-Madrid, F Romojaro and P Sánchez-Bel (Spain)
- Mycotoxin profiles in the grain of *Triticum monococcum*, *Triticum dicoccum* and *Triticum spelta* after head infection with *Fusarium culmorum*** 556
E Suchowilska (Poland), W Kandler, M Sulyok (Austria), M Wiwart (Poland) and R Krska (Austria)
- Production of maize–bambara groundnut complementary foods fortified pre-fermentation with processed foods rich in calcium, iron, zinc and provitamin A** 566
PO Uvere, EU Onyekwere and PO Ngoddy (Nigeria)
- In vitro* digestion of fresh alfalfa under different conditions of ruminal pH** 574
RA Palladino, M Wawrzkiwicz, JL Danelón, M Gaggiotti and G Jaurena (Argentina)
- Effect of short-term air storage after removal from controlled-atmosphere storage on apple and fresh-cut apple quality** 580
PMA Toivonen, PA Wiersma, C Hampson and B Lannard (Canada)
- Improvement of the quality and abatement of the biogenic amines of grass carp muscles by fermentation using mixed cultures** 586
Z-Y Liu, Z-H Li, P-P Zhong, P Zhang, M-Q Zeng and C-F Zhu (China)
- The effect of gaseous ozone treatment on egg components** 593
H Fuhrmann, N Rupp, A Büchner and P Braun (Germany)
- Functional and conformational properties of phaseolin (*Phaseolus vulgaris* L.) and kidney bean protein isolate: A comparative study** 599
S-W Yin, C-H Tang, Q-B Wen and X-Q Yang (China)
- Antiaflatoxigenic and antioxidant activity of an essential oil from *Ageratum conyzoides* L.** 608
RP Patil, MS Nimbalkar, UU Jadhav, VV Dawkar and SP Govindwar (India)
- Induction of apoptosis by tomato using space mutation breeding in human colon cancer SW480 and HT-29 cells** 615
J Shi, B Yang, P Feng, D Li and J Zhu (China)

Contents continued

- Effect of drying and storage on the degradation of total carotenoids in orange-fleshed sweetpotato cultivars** 622
A Bechoff, A Westby (UK), C Owori, G Menya (Uganda), C Dhuique-Mayer (France), D Dufour (France, Colombia) and K Tomlins (UK)
- Synergistic effect of oligochitosan and silicon on inhibition of *Monilinia fructicola* infections** 630
L Yang, P Zhao, L Wang, I Filippus and X Meng (China)
- Enzymatic hydrolysis of Alaska pollack (*Theragra chalcogramma*) skin and antioxidant activity of the resulting hydrolysate** 635
J Jia, Y Zhou, J Lu, A Chen, Y Li and G Zheng (China)
- Air analysis in the assessment of fumonisin contamination risk in maize** 641
E Torelli, R Gubiani, G Firrao, S Cividino, R Locci and E Gobbi (Italy)
- Biodegradation of genetically modified seeds and plant tissues during composting** 650
T Reuter, TW Alexander (Canada), W Xu (Canada, China), K Stanford and TA McAllister (Canada)
- Enhanced water absorption of wheat gluten by hydrothermal treatment followed by microbial transglutaminase reaction** 658
S Liu, D Zhang, L Liu, M Wang, G Du and J Chen (China)
- Essential oil yield and composition of *Pistacia vera* 'Kerman' fruits, peduncles and leaves grown in California** 664
K Dragull, JJ Beck and GB Merrill (USA)
- Purification of calmodulin from rice bran and activation of glutamate decarboxylase by Ca^{2+} /calmodulin** 669
L Wang, M Liu, YG Lv and H Zhang (China)
- Polyphenol oxidase activity of two olive (*Olea europaea* L.) cultivars as an early criterion of Mn toxicity** 676
T Chatzistathis, I Therios and G Diamantidis (Greece)
- Effect of ethylene and 1-MCP treatments on strawberry fruit ripening** 683
NM Villarreal, CA Bustamante, PM Civello and GA Martínez (Argentina)
- The effects of steaming and roasting treatments on β -glucan, lipid and starch in the kernels of naked oat (*Avena nuda*)** 690
X Hu, X Xing and C Ren (China)
- Effects of foliar fertilization and arbuscular mycorrhizal colonization on *Salvia officinalis* L. growth, antioxidant capacity, and essential oil composition** 696
MP Geneva, IV Stancheva, MM Boychinova, NH Mincheva and PA Yonova (Bulgaria)
