

Journal of the Science of Food and Agriculture

www.interscience.wiley.com/jsfa

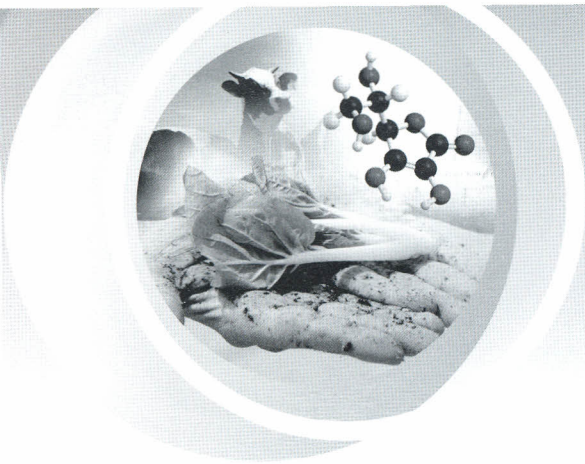

Reviews

- Aqueous two-phase systems strategies for the recovery and characterization of biological products from plants** 1385
O Aguilar and M Rito-Palomares (Mexico)
- Recent advances in extending the shelf life of fresh *Agaricus* mushrooms: a review** 1393
P Singh, H-C Langowski (Germany), AA Wani (India) and S Saengerlaub (Germany)

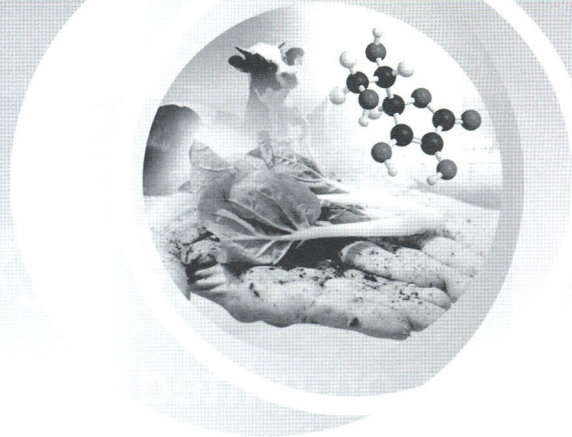

Research Articles

- Retention/release equilibrium of aroma compounds in fat-free dairy gels** 1403
Y Merabtine, S Lubbers, I Andriot, A Tromelin and E Guichard (France)
- Exogenous γ -aminobutyric acid alleviates oxidative damage caused by aluminium and proton stresses on barley seedlings** 1410
H Song, X Xu, H Wang, H Wang and Y Tao (China)
- In vitro* fermentability and antioxidant capacity of the indigestible fraction of cooked black beans (*Phaseolus vulgaris* L.), lentils (*Lens culinaris* L.) and chickpeas (*Cicer arietinum* L.)** 1417
M Hernández-Salazar, P Osorio-Díaz, G Loarca-Piña, R Reynoso-Camacho (Mexico), J Tovar (Venezuela) and LA Bello-Pérez (Mexico)
- Effect of pH, aeration and feeding non-sterilized agave juice in a continuous agave juice fermentation** 1423
G Hernández-Cortés, JA Córdova-López, EJ Herrera-López, GA Morán-Marroquín, JO Valle-Rodríguez and DM Díaz-Montaño (Mexico)
- Effects of including raw or extruded field peas (*Pisum sativum* L.) in diets fed to weanling pigs** 1429
HH Stein, DN Peters (USA) and BG Kim (South Korea, USA)
- Quantitative detection method for Roundup Ready[®] soybean in food using duplex real-time PCR MGB chemistry** 1437
MC Samson, M Gulli and N Marmiroli (Italy)
- Mycoflora and fumonisin contamination in Brazilian sorghum from sowing to harvest** 1445
TA dos Reis, P Zorzete, CR Pozzi, VN da Silva, E Ortega and B Corrêa (Brazil)
- The dynamics of phenolic concentration in some pasture species and implications for animal husbandry** 1452
G Piluzza and S Bullitta (Italy)
- Catalytic oxidation of concentrated orange oil phase by synthetic metallic complexes biomimetic to MMO enzyme** 1460
IA Fernandes, MC Esmelindro, ML Corazza, E Franceschi, H Treichel, D de Oliveira, CD Frizzo and JV Oliveira (Brazil)
- A survey of ochratoxin A contamination in feeds and sera from organic and standard swine farms in northwest Italy** 1467
L Pozzo, L Cavallarín, D Nucera, S Antoniazzi and A Schiavone (Italy)

Contents continued

- Multi-laboratory validation of a standard method for quantifying proanthocyanidins in cranberry powders** 1473
RL Prior, E Fan (USA), H Ji (China), A Howell (USA), C Nio (France), MJ Payne and J Reed (USA)
- Physicochemical and molecular analysis of cell wall metabolism between two navel oranges (*Citrus sinensis*) with different mastication traits** 1479
Y Lei, Y-Z Liu, W-F Zeng and X-X Deng (China)
- Effect of marine collagen peptides on long bone development in growing rats** 1485
YJ Xu, XL Han and Y Li (China)
- Collagens from the skin of arabesque greenling (*Pleurogrammus azonus*) solubilized with the aid of acetic acid and pepsin from albacore tuna (*Thunnus alalunga*) stomach** 1492
S Nalinanon, S Benjakul (Thailand) and H Kishimura (Japan)
- Lead contamination in different varieties of tea plant (*Camellia sinensis* L.) and factors affecting lead bioavailability** 1501
Y Chen, J Xu, M Yu, X Chen and J Shi (China)
- Technical efficiency analysis for oilseed sunflower farms: a case study in Erzurum, Turkey** 1508
M Külekçi (Turkey)
- Antimicrobial effectiveness of oregano and sage essential oils incorporated into whey protein films or cellulose-based filter paper** 1513
M Royo, I Fernández-Pan and JI Maté (Spain)
- Optimisation of tripalmitin-rich fractionation from palm stearin by response surface methodology** 1520
JM Son, K-T Lee (South Korea), CC Akoh (USA), MR Kim, MJ Kim and JH Lee (South Korea)
-  **Discerning intra-tuber differences in textural properties in cooked *Solanum tuberosum* group Tuberosum and group Phureja tubers** 1527
HA Ross, GJ McDougall, JFV Vincent, D Stewart, S Verrall and MA Taylor (UK)
- Diversity among various forms of catechins and its synthesizing enzyme (phenylalanine ammonia lyase) in relation to quality of black tea (*Camellia* spp.)** 1533
G Kottur, S Venkatesan, RS Senthil Kumar and S Murugesan (India)
- Finnish adolescents' attitudes towards wholegrain bread and healthiness** 1538
T Pohjanheimo, H Luomala and R Tahvonen (Finland)
- Identification of α -glucosidase inhibitors from a new fermented tea obtained by tea-rolling processing of loquat (*Eriobotrya japonica*) and green tea leaves** 1545
A Toshima, T Matsui, M Noguchi, J Qiu, K Tamaya, Y Miyata, T Tanaka and K Tanaka (Japan)
- Effects of hydrolyzed *Chlorella vulgaris* by malted barley on the immunomodulatory response in ICR mice and in Molt-4 cells** 1551
N-H Kim, K-Y Kim, H-J Jeong, H-M Kim, S-H Hong and J-Y Um (Republic of Korea)

Effects of heat treatment on internal browning and membrane fatty acid in loquat fruit in response to chilling stress

1557

H Rui, S Cao, H Shang, P Jin, K Wang and Y Zheng (China)

Short Communications

Are *Jatropha curcas* phorbol esters degraded by rumen microbes?

1562

HPS Makkar and K Becker (Germany)

Monitoring of Bt11 and Bt176 genetically modified maize in food sold commercially in Brazil from 2005 to 2007

1566

AZ Dinon, KT Bosco and ACM Arisi (Brazil)

SCI — the only society connecting science, business & you

Whatever stage you are at in your career SCI can be an invaluable tool. If it is networking with potential employers, learning from fellow peers or taking an active role within your local regional group, SCI will be there to add to and support your further and ongoing development. Become an SCI member. Here are just a few of the great products and services you can get:

- Chemistry & Industry Magazine — Latest news features and reviews, direct to your desktop and to your door twice a month.
- 50% discount on Wiley books, 25% off Blackwell books and 20% off Oxford University press books (some exceptions apply).
- Discounted Conferences — 75% off our exciting conferences.
- Global Networking Opportunities — A chance to meet other like minded professionals working within the chemical industry and academia.
- Technical Interest Groups — Over 20 industry and topic specific groups to discuss, share and discover development within your sector.
- Writing and speaking opportunities — Present at one of our prestigious conferences and write for the SCI's renowned journals.
- 50% discount on SCI peer reviewed journals.
- International and Regional activity — Contribute to your local group and take advantage of free events and the local networking opportunities.
- SCI Awards — Achieve recognition of outstanding contribution to your field within the chemical industry, serving both the individual and innovation.
- Plus much more.
