## In Focus: SCI BioResources Young Researchers (Part 1)

### Editorial

- In Focus: SCI BioResources Young Researchers — Emerging young researchers in crop science** 1527  
AD Baylis and S Scofield (UK)

### Review

- Soil compaction: a review of past and present techniques for investigating effects on root growth** 1528  
SR Tracy, CR Black, JA Roberts and SJ Mooney (UK)

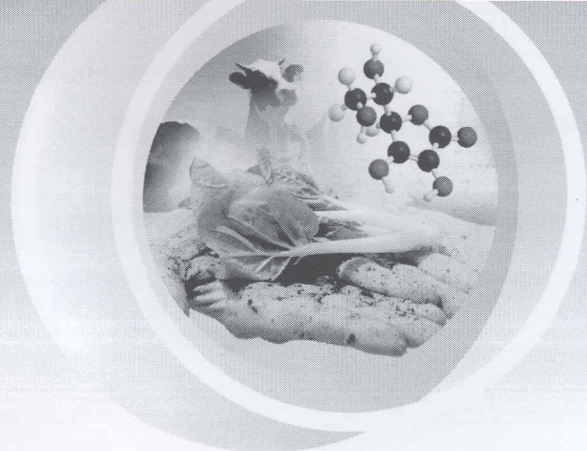

### Spotlight

- Are stomatal responses the key to understanding the cost of fungal disease resistance in plants?** 1538  
CM Withers, AP Gay and LAJ Mur (UK)

### Research Articles

- Tyrosinase inhibition by water and ethanol extracts of a Far Eastern sea cucumber, *Stichopus japonicus*** 1541  
A Husni (Republic of Korea, Indonesia), J-S Jeon, B-H Um, NS Han and D Chung (Republic of Korea)
- Carotenoid and anthocyanin contents of grains of Brazilian maize landraces** 1548  
S Kuhnen, PM Menel Lemos, LH Campestrini, JB Ogliari, PF Dias and M Maraschin (Brazil)
- Antioxidant and antimicrobial activity of *Satureja montana* L. extracts** 1554  
C Serrano, O Matos, B Teixeira, C Ramos, N Neng, J Nogueira, ML Nunes and A Marques (Portugal)
- Bioproduction of mushroom mycelium of *Agaricus bisporus* by commercial submerged fermentation for the production of meat analogue** 1561  
K Kim, B Choi, I Lee, H Lee, S Kwon, K Oh and AY Kim (South Korea)
- Efficiency of urease and nitrification inhibitors in reducing ammonia volatilization from diverse nitrogen fertilizers applied to different soil types and wheat straw mulching** 1569  
SS Francisco, O Urrutia, V Martin, A Peristeropoulos and JM Garcia-Mina (Spain)
- Quality of bread made from ozonated wheat (*Triticum aestivum* L.) flour** 1576  
HPS Sandhu, FA Manthey and S Simsek (USA)
- Effect of harvesting hour on some physical and mechanical properties of *Rosa damascena* Mill.** 1585  
D Yilmaz, K Ekinci, T Dilmacunal and S Erbas (Turkey)

SCI

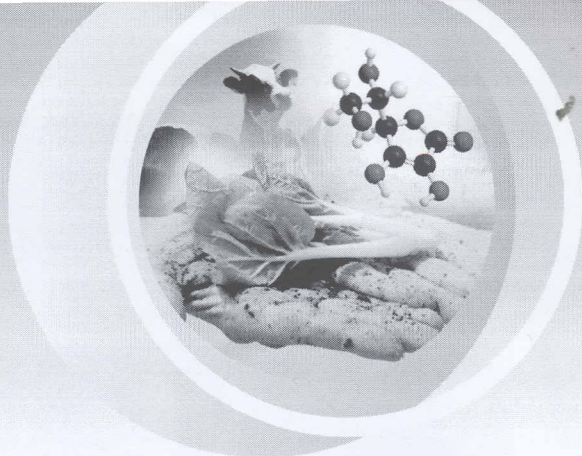

Journal of the  
Science of Food  
and Agriculture

wileyonlinelibrary.com/journal/jsfa

Contents continued

- Effect of tea polyphenols on microbiological and biochemical quality of *Collichthys* fish ball** 1591  
S Yi, J Li, J Zhu, Y Lin, L Fu, W Chen and X Li (China)
- Volatile and capsaicinoid composition of aji (*Capsicum baccatum*) and rocoto (*Capsicum pubescens*), two Andean species of chile peppers** 1598  
H Kollmannsberger (Germany), A Rodríguez-Burruezo (Spain), S Nitz (Germany) and F Nuez (Spain)
- Ligustrazine formation in Zhenjiang aromatic vinegar: changes during fermentation and storing process** 1612  
W Xu, Q Xu, J Chen, Z Lu, R Xia, G Li, Z Xu and Y Ma (China)
- Antioxidant and chelating activity of *Jatropha curcas* L. protein hydrolysates** 1618  
S Gallegos-Tintoré (Mexico), C Torres-Fuentes (Spain), AL Martínez-Ayala, J Solorza-Feria (Mexico), M Alaiz, J Girón-Calle and J Vioque (Spain)
-  **Amylose content and starch properties in emmer and durum wheat lines with different waxy proteins composition** 1625  
C Guzmán, L Caballero, JB Alvarez (Spain) and M Yamamori (Japan)
- A novel antifungal peptide from foxtail millet seeds** 1630  
W Xu, L Wei, W Qu, Z Liang, J Wang, X Peng, Y Zhang and K Huang (China)
- Novel varieties of broccoli for optimal bioactive components under saline stress** 1638  
R Dominguez-Perles, MC Martinez-Ballesta, F Riquelme, M Carvajal, C Garcia-Viguera and DA Moreno (Spain)
- Colour score as a guide for estimating the protein value of corn gluten feed** 1648  
ARJ Cabrita, MRG Maia, M Freitas, JMF Abreu and AJM Fonseca (Portugal)
- A novel instrument to delineate varietal and harvest effects on blueberry fruit texture during storage** 1653  
C Li, J Luo and D MacLean (USA)
- Stability of fatty acids during wilting of perennial ryegrass (*Lolium perenne* L.): effect of bruising and environmental conditions** 1659  
NA Khan, JW Cone (the Netherlands), V Fievez (Belgium) and WH Hendriks (the Netherlands)
- Multiplex PCR-based strategy to detect contamination with mycotoxigenic *Fusarium* species in rice and finger millet collected from southern India** 1666  
MV Ramana, K Balakrishna, HCS Murali and HV Batra (India)
- Effect of date seeds on oxidative damage and antioxidant status *in vivo*** 1674  
HM Habib and WH Ibrahim (UAE)
- Effect of high-voltage electrostatic field pretreatment on the antioxidant system in stored green mature tomatoes** 1680  
R Zhao, J Hao, J Xue, H Liu and L Li (PR China)
- Biochemical composition of two red seaweed species grown on the Brazilian coast** 1687  
V Gressler, MT Fujii, AP Martins, P Colepicolo, J Mancini-Filho and E Pinto (Brazil)
- Determination of the volatile profile of stoned table olives from different varieties by using HS-SPME and GC/IT-MS** 1693  
R Malheiro, PG de Pinho, S Casal, A Bento and JA Pereira (Portugal)

<b>Influence of rootstock and cultivar on bioactive compounds in citrus peels</b>	<b>1702</b>
A Cano and A Bermejo (Spain)	
<b>The role of light in the regulation of ascorbate metabolism during berry development in the cultivated grapevine <i>Vitis vinifera</i> L.</b>	<b>1712</b>
VJ Melino, MA Hayes, KL Soole and CM Ford (Australia)	
<b>Classification of impacted blueberries during storage using an electronic nose</b>	<b>1722</b>
N Demir (Egypt, USA), ACO Ferraz (Brazil), SA Sargent (USA) and MO Balaban (USA)	
<b>Erratum</b>	<b>1728</b>

## SCI — the only society connecting science, business & you

Whatever stage you are at in your career SCI can be an invaluable tool. If it is networking with potential employers, learning from fellow peers or taking an active role within your local regional group, SCI will be there to add to and support your further and ongoing development. Become an SCI member. Here are just a few of the great products and services you can get:

- Chemistry & Industry Magazine — Latest news features and reviews, direct to your desktop and to your door twice a month.
- 50% discount on Wiley books, 25% off Blackwell books and 20% off Oxford University press books (some exceptions apply).
- Discounted Conferences — 75% off our exciting conferences.
- Global Networking Opportunities — A chance to meet other like minded professionals working within the chemical industry and academia.
- Technical Interest Groups — Over 20 industry and topic specific groups to discuss, share and discover development within your sector.
- Writing and speaking opportunities — Present at one of our prestigious conferences and write for the SCI's renowned journals.
- 50% discount on SCI peer reviewed journals.
- International and Regional activity — Contribute to your local group and take advantage of free events and the local networking opportunities.
- SCI Awards — Achieve recognition of outstanding contribution to your field within the chemical industry, serving both the individual and innovation.
- Plus much more.
