# The Unsteady States of America

Why the pensions nightmare is only just beginning

**On the cover**  
It is not just Detroit. American cities and states must promise less or face disaster: leader, page 9. America's biggest-ever city bankruptcy starts to roll, page 23. Signs of hope in Motown, page 24. The precedents set in Detroit could affect how other places deal with their pensions crises, pages 24-26

**Emerging-market slowdown**

It is not the beginning of a bust. But it is a turning-point for the world economy: leader, page 10. The most dramatic, and disruptive, period of growth is coming to its close, pages 20-22. The consensus on raising people out of poverty is comparatively recent: Free exchange, page 63

**SuperAbe and Japan** The prime minister must not be distracted from his economic programme: leader, page 13. Shinzo Abe's election victory is good news for Japan's economy, but real reform will be hard to achieve, page 33

**Robert Mugabe** It is time for Africa's leaders—especially Jacob Zuma—to hold him to account: leader, page 13. A long-delayed election now looks worryingly hurried, page 39

**The Ides of August** There is scope for the markets to have another summertime wobble: Buttonwood, page 60. Why Pakistan has been the best place to invest, page 62

**Tech companies** The battle over Dell raises the question of whether founders make the best long-term leaders of their creations, page 53. Taiwan's fab chip giant and its octogenarian founder, page 54. Our advice for Britain's most famous family firm and its future boss: leader, page 14

**@latin** A dead language is alive and kicking on the internet and the airwaves, page 52. How mass extinctions happen, page 64
